

November 23, 2023

Greetings,

It is with great pleasure that we announce that Judge Memorial Catholic High School has been named the Gifting Back Good Stewardship High School for 2023-2024. The dedicated faculty, staff, and administrators collaborate with parents to help students grow into "Builders of a More Just Society" by fostering their spiritual, intellectual, emotional, physical, and social development.

Judge Memorial emphasizes the importance of loving one's neighbor through various service opportunities within the family, church, school, and the wider community. To graduate from Judge Memorial CHS, students are required to complete a minimum of 115 hours of Christian Service, contributing to the family, place of worship or school, and various nonprofit organizations. Many of the students consistently go above and beyond, earning the Presidential Service Award with an additional 100 to 250 hours of service each year.

At JMCH the entire school, including students, faculty, and administration, participates in an annual all-school service day. The most recent one took place on October 12, 2023, in honor of our patron, Christ the King, involving more than 615 Bulldogs who dedicated a day to help those in need. The school spreads out across the Wasatch Front, engaging in activities such as painting, pulling invasive weeds, planting trees, and cleaning, among others.

Recognizing the challenges posed by the Utah suicide epidemic, JMCHS introduced a morning mindfulness practice before prayer to equip our students with stress management tools. Their school community is resolutely dedicated to creating a positive and respectful environment that fosters learning, personal growth, and development. Judge also holds SafeUT presentations annually and conduct parent presentations on Mental Health and Social and Emotional Wellness, emphasizing the importance of mental well-being. Through bi-annual surveys, JMCHS ensures that each student can identify three adults in the building with whom they have positive relationships.

Congratulations to Judge Memorial Catholic High School, the 2023-24 Gifting Back~Skiing Forward Community Stewardship High School.
